PRICE LIST
WHOLESALE

PRINCETON, N. J.

Tel. 1776

February, 1941.

TO THE TRADE

Please Note:

This wholesale price list contains only varieties and sizes which we have in quantity and which are most commonly used by the wholesale trade.

A RETAIL catalogue will be again issued this year. We do not solicit retail business but issue this list—first, as a convenience to our customers in pricing their material; and secondly as a complete descriptive list that includes rare and unusual plants not included in this book. It is really designed to be a sales help for our wholesale customers. A copy will be mailed to you on request.

We specialize in material wanted for both private and public landscape work. Our inventory includes not only specimen stock but large quantities of material for massing and screening. We suggest that you send us complete lists on which we are prepared to quote attractive prices because of our comprehensive inventory and large scale production.

Conditions of Sale

PRICES, ETC.

The prices named in this list cancel all previous lists. They are based on current market conditions and are subject to change without notice.

Terms:

PRICES: F.O.B. NURSERY AT KINGSTON, N. J.

To those with an established record for prompt payment or with satisfactory references, we are glad to extend our regular terms of thirty days from date of invoice.

2% DISCOUNT will be allowed for payment in ten days from date of invoice or **5% FOR CASH IN FULL WITH ORDER.**

Orders for **shipment C.O.D.** must be accompanied by a remittance for one-third of the amount to insure acceptance. These are our only terms and no salesman or representative is authorized to alter them in any way unless confirmed from the office in writing.

Notes in Explanation of Catalogue

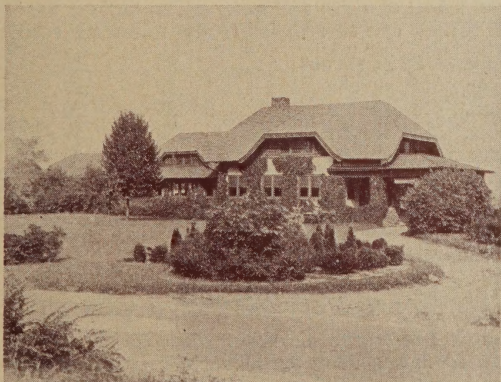

The figures following each variety indicate in feet the approximate height of that plant in maturity. Ample allowance has been made for the many physical factors that tend to modify the growth of plants in cultivation.

The botanical and common names are taken from "Standardized Plant Names," which is the accepted authority on plant nomenclature in the horticultural industry.

Our standard of grading all plants is based on a schedule which has been adopted by the American Association of Nurserymen.

SPECIAL SELECTION—25% ADDITIONAL

A Charge of 25 percent additional on our regular listed price will be made for the special selection and marking in the nursery of extra heavy or specimen plants. We invite inspection of our material and on quantity orders will, if requested, mark an average sample to assist our diggers in the selection of the grade wanted.

PRINCETON NURSERY OFFICE

EXTRA CHARGE FOR BALLING

We recommend that all varieties marked with an asterisk(*) be lifted with a ball of earth and burlapped. Experience has shown that the loss in these plants, which is otherwise high, is reduced to a minimum if handled in this way.

SCHEDULE OF B & B CHARGES

The following charges are made to cover additional cost of balling and burlapping deciduous trees and shrubs that are not listed B&B. The size of ball for most stock is in accordance with the A.A.N. "Horticultural Standards" recommendations.

These charges are based on a *carefully dug*, solid ball of earth, *laced* with rope or wire, and handled according to the best nursery practice.

GUARANTEE OF GENUINENESS:

We will send out healthy, thrifty stock, true to name. If any nursery stock proves untrue to description or variety name under which it is sold, we hold ourselves in readiness, on proper proof, to replace free of charge such stock that may prove untrue to description or name, or refund the original amount paid. We shall in no case be liable for any sum greater than the amount originally received for said stock.

CLAIMS

All sales are made with the understanding that we shall not be liable in event of crop loss, or of damage from other causes over which we have no control.

We will gladly correct any errors, but we cannot entertain any claims that are not made within ten days after receipt of the stock or are made after the stock has once been accepted. Claims should be made promptly in writing on receipt of stock.

Plants become your property upon delivery to transportation company and we cannot be responsible for loss, damage, or delay in transit.

All orders booked are based on the distinct understanding that the purchaser agrees to the condition of sales as stated above.

A Retail Catalogue

will be mailed on request to all regular wholesale customers. Extra copies will be charged for at cost of 25 cents.

POT GROWN COTONEASTER

This beautiful group of attractive berry bearing shrubs is so difficult to transplant either bare root or B.&B. that we are growing all our stock in pots, thereby eliminating transplanting hazard.

How to Reach Princeton by Auto or Train

We are located midway between New York and Philadelphia. Both the Lincoln Highway and the new Super-Highway (Route 26) pass our nurseries.

The office of Princeton Nurseries is located on Lake Road in the township of Kingston, New Jersey.

The nearest railroad stations are at Princeton and Princeton Junction, on the main line of the Pennsylvania Railroad. Phone Princeton 1776 or 1777 and we will be glad to come and meet you at either place.

The New York-Washington planes pass over our nursery hourly. When travelling by airplane, watch out for the interesting block arrangement from the air.

We would call your attention to the fact that we have one of the largest nurseries in the country with over 1000 acres of nursery stock. We are growing between 1100-1200 varieties of hardy woody ornamentals.

A cordial invitation is hereby given to visit our nursery at any time.
